DISCUSSION ITEM

Review of COE Bylaws. A. Adkins stated that in October she sent requests for corrections and additions to committee chairs but received no response. She asked for suggestions to obtain responses, and it was decided that she will send another request to committee chairs with only the portions of the bylaws pertaining to that particular committee attached to see if the response will be greater. K. Clesson asked if the committee should include requirements for officers, and it was decided that they will be included along with language describing the function of the committee.

DEAN'S REPORT

D. Curtis described her recent trip to Thailand where she and others from Illinois State University went to establish an alumni chapter. She stated that COE is in the process of revamping our web presence, and explained some projects that are being implemented.

ADJOURNMENT

Motion. It was moved by M. Angell and seconded by A. Bohn to adjourn. Motion carried.
